

## Dear PhD students!

Based on the decision of the Interdepartmental Commission under the Government of the Republic of Kazakhstan, Resolution of the Chief State Sanitary Doctor No. 68 of December 25, 2020, recommendations of the Ministry of Education and Science of the Republic of Kazakhstan, Turan University organizes the educational process in the 2nd semester of the 2020-2021 academic year in the following format:

The organization of the educational process in the spring semester of the 2020-2021 academic year for **the 1st year PhD students** will be carried out in a blended learning format (online and offline format, subject to a sanitary regime and a social distance of 2 meters) in all areas of training.

Lessons in the classrooms of the university campus will begin in accordance with the academic calendar on **January 25, 2021**.

The educational process will be organized in compliance with the sanitary and epidemiological regime (hereinafter - SES) on the university campus:

- Passing through the disinfection tunnel
- Inlet temperature measurement
- Compliance with social distancing (distance 2 meters)
- Regular quartzing of classrooms and office spaces
- Wearing masks, etc.

The schedule of classes will be posted on the corporate website and sent to the corporate mails by advisers no later than **January 16, 2021**.

For 2 and 3 year PhD students, conditions will be provided for performing research work, conducting final certification of doctoral students according to their individual plans and continuing theoretical training (if necessary) in distance and blended formats in accordance with academic policy and the academic calendar.

Please note that the educational process directly depends on the sanitary and epidemiological situation in the country and in Almaty.

Turan University will inform you about all changes in the academic process.
